a bit different from the order of the slides	7/31/2019 1:34 PM
Useful to take notes	2/27/2019 3:37 PM
It is very comprehensive but easy to read.	1/30/2019 5:18 PM
Well worthwhile	1/2/2019 7:35 PM
I loved that it allowed me to fill in the blanks and take my own notes.	12/20/2018 2:16 PM
I think it worked very well as a supplemental item. I'm not much of a notetaker so I didn't write down that much.	12/5/2018 6:51 PM
It was amazing to have the use of video recordings to see how you look and sound when you present to others. What an amazing tool that can be used for improvement.	11/28/2018 2:59 PM
Really good pace and the number of participants made it intimate enough that those who are quieter do not feel intimidated.	11/1/2018 2:36 PM
I liked having room to make notes.	10/1/2018 9:53 PM
The binding used for this workbook was not ideal which caused the pages to keep sliding out of the workbook. The content of the workbook was good.	8/29/2018 6:58 PM

Good - great that there is lots of space to take notes, although knowing a full workbook would be sent out after the course was great because I didn't feel pressure to spend lots of time writing. And it was good that the core concepts were there, and then we could take notes as we pleased. The binding though was a bit of an issue, since the pages fell out and were kind of tedious to put back together. But I liked the size because it didn't feel bulky but better binding would help going forward.	6/27/2018 4:36 PM
It is an excellent workshop. unlike other courses, this workshop provides opportunity to practice the concepts of learning.	5/31/2018 11:48 AM
It is a great workbook. Only suggestion would be to add the content on some graphics instead of having participants write in or wait for handbook after the session.	5/2/2018 3:02 PM
For me, only the Notes pages at the end of each section were relevant, which I used to summarize most important insights, and the Focus method practice pages.	1/18/2018 2:17 AM
Good material	11/30/2017 2:15 AM
It was easy to follow and allowed ample space for making personal notes. It was more important to listen to the facilitator so I lost track in the workbook at times but I appreciate being able to re-visit it after.	9/16/2017 7:53 PM
More detail	9/13/2017 4:56 PM
Only negative is that my roller-ball pen smeared on the pages.	8/31/2017 6:17 PM
Workbook was clear and to the point, easy to understand	8/30/2017 4:05 PM
high quality look and feel. I liked that the slides had references to the page numbers in the workbook.	6/23/2017 1:07 PM

	there could have been more tips and tricks on presenting, i think it would be valuable to add the other method you have kept for advanced presentation course, to this session to build a complete session	7/31/2019 1:34 PM

	only area I felt may not have been addressed that was mentioned by people was how to incorporate story telling and anecdotes into a speech/ presentation, however I also feel like you need to master the basics we were taught first and then it may just come naturally.	11/28/2018 2:55 PM

At this point, I would say that the workshop covered everything I expected (voice, physical presence, delivery, elements of a good speech). I wish we were able to work on putting everything together a little more - more practice.	9/16/2017 7:53 PM
